Oct. 8th @ 12pm CDT

Unclaimed Property & Accounts Receivable: Compliance, Risks, and Best Practices

Unclaimed property compliance is more than a reporting requirement - it's a growing area of risk for organizations. This session provides a practical overview of unclaimed property requirements, common areas of risk creation (including A/R), practical strategies to mitigate risk, strengthen compliance, and reduce audit exposure.

- Gain a clear overview of unclaimed property compliance requirements.
- Learn best practices for policies, procedures.
- Understand current enforcement trends and their impact.
- Explore practical strategies for mitigating risk and resolving non-compliance.

This webinar is free to attend and is being offered in collaboration between MarketSphere Unclaimed Property Specialists and NACM-CFDD Kansas City Chapter. **This session is approved for CPE and CEU credits.**
